DI DR. CHRISTOPH EDER

PERSONAL INFORMATION

Name: DI Dr. Christoph Eder
Email: ceder@amgen.com
Date of birth: November 27th, 1973
Marital status: married, 2 children

QUALIFICATION

Christoph Eder is an experienced pharmaceutical director, with 15 years of experience in multinational Life Science companies. Christoph has held a number of positions of increasing responsibility across a range of disciplines including marketing & sales and market access in Austria.

He has significant experience in the Austrian healthcare policy, pricing and reimbursement.

Christoph is member of the Amgen management team in Austria over the last 7 years.

In his current role as Value, Access and Policy Director for Austria, he is responsible for the market launch of new Amgen products, leading the pricing and reimbursement process and driving market access of the whole product portfolio in Austria.

Prior to this, Christoph worked for Amgen, Qiagen and VWR International in market access, sales and marketing functions.

Alexey Kutahov

Alexey Kutahov is an experienced pharmaceutical director, with 17 years of experience in multi-national health care companies. Alexey has held number of positions of increasing responsibility, across a range of disciplines including clinical development, marketing & sales, and market access in several countries across Europe.

Alexey has significant experience in market access, healthcare policy, pricing & reimbursement and health outcomes research in a highly complex and emerging portfolio of European countries.

In his current role as Value, Access and Policy Director for Mid-Sized European countries at Amgen, Alexey is responsible for building Market Access capabilities in the respective geographies, leading pricing and reimbursement process, driving market access of company's portfolio and setting up the foundation for future growth in the region. Prior to this, Alexey worked for Novartis, Eli Lilly and Sandoz in access, commercial and medical functions.

Alexey is a medical doctor with an M.D. degree from Vienna University and St. Petersburg Medical University. He also received an MSc in Health Policy, Planning and Financing from the London School of Economics and the London School of Hygiene and Tropical Medicine.
